With a diverse academic background and continuously evolving technical skills, I'm a multidisciplinary professional who bridges technology, communication, and strategic Thinking. My journey includes: - Undergraduate degrees in System Development and Analysis (IESB) and Librarianship (UnB), paired with an MBA in Marketing and Digital Communication (IESB) - a unique blend that allows me to approach problems from both technical and creative perspectives. - Technical skills: Frontend: HTML5, CSS, JavaScript, React.js UX/Design: Adobe Photoshop, Design Thinking Basic knowledge in: Python, Git, Network Engineering, User Experience (UX), Blockchain Soft skills: Leadership, teamwork, clear communication, collaboration, time management, lifelong learning, ideation, empathy, responsibility, active listening, and humility. I thrive on challenges that demand creativity and logic, always eager to learn and contribute to innovative projects.
