

Jeanluiz Ferreira Porto Monteiro

Full Stack Developer · Frontend Specialist · Junior

Braga, Portugal | 922 009 194 | monteiro.jean@hotmail.com | linkedin.com/in/jeanluiz-monteiro | github.com/zitchu | portfoliojeanluiz.netlify.app

PROFESSIONAL SUMMARY

Dynamic Full Stack Developer with a solid academic foundation in Systems Analysis and Development and over 1.5 years of hands-on front-end experience using React.js. Proficient in building accessible, engaging user interfaces and automating workflows with Python. Currently pursuing further training in Data Analysis and IT applied to Business Management in Portugal. Fluent in English and seeking a first non-freelance opportunity in software development, with a strong commitment to growing into a well-rounded Full Stack professional.

WORK EXPERIENCE

Front-End Developer & Ongoing Training · Freelance

Jun 2024 – Present

- Executed freelance projects utilising React.js and modern web technologies, delivering custom digital solutions for clients.
- Developed personal and portfolio projects to consolidate knowledge in React, Redux, TypeScript and RESTful API integration.
- Completed advanced training in React, Redux, Python and contemporary web development methodologies.

ICT System Developer — Front-End (React) · Loup Contábil · Brasília, Brazil

Jan 2023 – Jul 2024

- Engineered front-end interfaces with React.js and CSS, significantly improving user experience and accessibility of internal systems.
- Collaborated on digital marketing initiatives to enhance the company's online presence and engagement.
- Applied Python and PyAutoGUI to automate repetitive development tasks, improving team workflow efficiency.
- Contributed to the maintenance and enhancement of the company's internal communication platform.
- Participated in professional development workshops ensuring continuous alignment with industry trends.

Librarian — Information & Document Management · IPEA – Institute for Applied Economic Research · Brasília, Brazil

May 2013 – Sep 2019

- Administered and organised extensive collections of documentation and digital information resources for a leading public research institution.
- Facilitated information retrieval for researchers and administrative staff, optimising research workflows and efficiency.
- Contributed to knowledge management initiatives and the production of internal institutional publications.

Librarian — Intern · IPEA – Institute for Applied Economic Research · Brasília, Brazil

Nov 2012 – Apr 2013

- Supported cataloguing, indexing and digital archiving processes to improve resource management systems.
- Enhanced document accessibility for internal users through structured organisational practices.

EDUCATION

Training: Data Analysis & IT Applied to Business Management · [Prepara Portugal](#) · [Porto, Portugal](#)

Jan 2026 – Present

Covers data analysis, Business Intelligence, Big Data, Artificial Intelligence, SaaS platforms and cybersecurity fundamentals. Practical application through projects and case studies in data-driven management.

Training: Embedded Systems · [EmbarcaTech](#) · [Brasília, Brazil](#)

Oct 2024 – Mar 2025

B.Tech. in Systems Analysis & Development · [IESB – Instituto de Educação Superior de Brasília](#) · [Brazil](#)

Oct 2021 – Mar 2024

MBA in Digital Marketing & Communication · [IESB – Instituto de Educação Superior de Brasília](#) · [Brazil](#)

Apr 2015 – Oct 2016

B.Sc. in Library Science · [Universidade de Brasília \(UnB\)](#) · [Brazil](#)

Jul 2009 – Dec 2012

RELEVANT ACADEMIC COURSEWORK

The following subjects were studied as part of the B.Tech. in Systems Analysis & Development (IESB, ~100 hrs each). They provide theoretical grounding complementing practical experience:

- Frontend Development — HTML5, CSS3, JavaScript (DOM, Ajax), React.js, Redux, RESTful API consumption
- Backend Development — Django framework, RESTful web services, API design, JSON, Python web applications
- Databases — SQL & NoSQL (relational modelling, normalisation, queries, MongoDB concepts, Big Data fundamentals)
- Data Structures & Algorithms — Lists, trees, graphs, sorting and search algorithms implemented in Python & Java
- Software Engineering & Agile Methods — Scrum, Kanban, XP, requirements engineering, BPMN process modelling
- Systems Architecture — Operating systems, distributed systems, computer architecture, microcontrollers
- Computer Networks — OSI/TCP-IP model, IPv4/IPv6 addressing, network configuration and troubleshooting
- Software Testing & DevOps — Unit testing, TDD, CI/CD pipelines, Git version control, DevOps fundamentals
- IT Governance & Security — COBIT/ITIL frameworks, information security, audit fundamentals, GDPR context
- Business Intelligence & Data Warehousing — ETL processes, data visualisation, Power BI, Data Mining basics

CERTIFICATIONS & ONLINE TRAINING

React – The Complete Guide (incl. Hooks, Router, Redux) · Udemy	2022 – 2023
React + Redux · Udemy	2023
JavaScript Masterclass · Rocketseat	2021 – 2022
CSS Masterclass · Rocketseat	2021
HTML Masterclass · Rocketseat	2021
Computer Networks – Introduction · Udemy	2021
Dynamic Web Pages with PHP · Udemy	2020

TECHNICAL SKILLS

Languages: JavaScript (ES6+) · TypeScript · Python · HTML5 · CSS3

Frontend: React.js · Redux · REST APIs · Responsive Design · UX/Accessibility

Backend: Python (Django basics) · RESTful APIs · JSON · Node.js (learning)

Databases: SQL fundamentals · NoSQL concepts · Data modelling

DevOps & Tools: Git · GitHub · CI/CD fundamentals · Linux basics · VS Code

Automation: PyAutoGUI · Python scripting

Methodology: Scrum · Kanban · Agile development · BPMN

Other: Information management · Cataloguing · Digital archiving · Knowledge management

LANGUAGES

Portuguese: Native

English: Fluent — professional proficiency

Spanish: Intermediate

Russian: Basic (A2)

ADDITIONAL INFORMATION

Nationality: Brazilian — residing in Portugal (residence permit)

Availability: Full-time · Hybrid or remote preferred · Open to Braga / Porto area
